Høgskulen i Volda

2021 - 2022
Practical Pedagogical Education

Høgskulen i Volda

2018 - 2021
Bachelor in Music

PROFILE

Frontend development student from Norway with a background in music and education. I am currently building skills in HTML, CSS, JavaScript, responsive design, accessibility, and API-based websites. I enjoy the visual side of frontend development, especially CSS, layout, spacing, and making websites feel clear and user-friendly.

WORK EXPERIENCE

KINDERGARTEN EMPLOYEE

Bergen Kommune

october 2022 - Present

- Working with children in a kindergarten environment, supporting daily routines, communication and collaboration with colleagues

TECHNICAL VOLUNTEER

Rokken, Volda

2019 - 2022

- Worked as part of the technical crew for concerts, quizzes, DJ events, open mic nights, stand-up shows and other events

READING AND SECRETARY ASSISTANT

2020 - 2021

- Assisted Blind and visually impaired students with academic work, mainly within music theory, music history and music composition
